I am able to write by hand and on the computer, as well as to create documents using LaTeX. In addition to this, I have acquired programming skills and I can use tools such as Python to perform statistical analyses or solve digital problems. "In my professional capacity, I possess extensive experience in using various software programs for calculations, including but not limited to image processing with GIMP and Photoshop. Furthermore, I am professor in understanding English instructions and translating them to French or vice versa." 'sprf
